【P.8~13】

I came to the stage.

M : Now it's time for this year's champion to dance.

Trick or treat!"

When the music started, I had to make up a dance.

It was a great hit!

Everyone danced just like me and it looked like they were having fun.

M : OK. Now let's go! Trick or treat.

We sang and danced in front of all the houses.

After we got some treats, we moved to the next house.

Soon we came to my house .

B : Trick or treat!" ♪

My mom and dad came out and said,

Mom : What are you doing all by yourself?

Go to bed now, before you catch a cold."

B : Just me?"

I looked back and saw no one else there.

B : What happened? Where did they all go?

Then I took off my shoes and went back to bed.

【P.34~35】

My mom always looked busy.

She always said, "Wait a minute, because you are the big sister. "

That made me lonely and sad when I was a child.

Instead, I gave my baby brother a big hug.

Then he smiled and hugged me.

His cute hug made me happy, so I liked it.
